**DETAILED ACTION**

***Response to Amendment***

1. Applicant's amendments, filed 9/18/2007, have been fully considered and reviewed by the examiner. Also, the examiner notes the amendment to claims 1, 4, and 7 and the cancellation of claims 2-3, 5-6, and 9-11. Claims 1, 4, 7, and 8 remain pending in the instant application.

***Response to Arguments***

2. Applicant's arguments filed 9/18/2007 have been fully considered but they are deemed moot because they are directed to newly added limitations that were not present at the time of the final rejection.

***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 1, 4, 7, and 8 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Art Unit: 1762

The examiner cannot locate support in the original disclosure for the added limitation of "bottom-emitting, non-transparent" OLED. The specification is completely silent with regards to such a limitation and therefore such an added limitation must be deemed new matter. If the applicant can provide sufficient support in the original disclosure for such a limitation the examiner will withdraw the rejection. However, if the applicant removed the above limitation, the examiner will reapply the prior art dated 6/8/2007.

### ***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
